Why Players Health for Youth Sports Franchises?

CUSTOM PACKAGE

The program insurance portal was built for franchisees and offers a custom insurance package that meets insurance standards and guidelines. Rates are competitive and limits are cover franchisee's risk in offering youth sports programming.

TECHNOLOGY AUTOMATION

Automated enrollment allows for franchisees to sign up and pay for insurance in just 5 minutes! During enrollment, franchisees will be able to identify additional insureds that need a COI. As a result, proof of insurance will be produced automatically via email upon receipt of payment.

SAFETY + INSURANCE

Player's Health is committed to supporting a franchisor's insurance needs and providing best in class rates and value. Franchisors also work with Players Health to learn best practices when it comes to risk mitigation and athlete safety policy and procedure best practices.

THE PROBLEM

FRAGMENTED SERVICES & COSTS

TOO MANY PROVIDERS

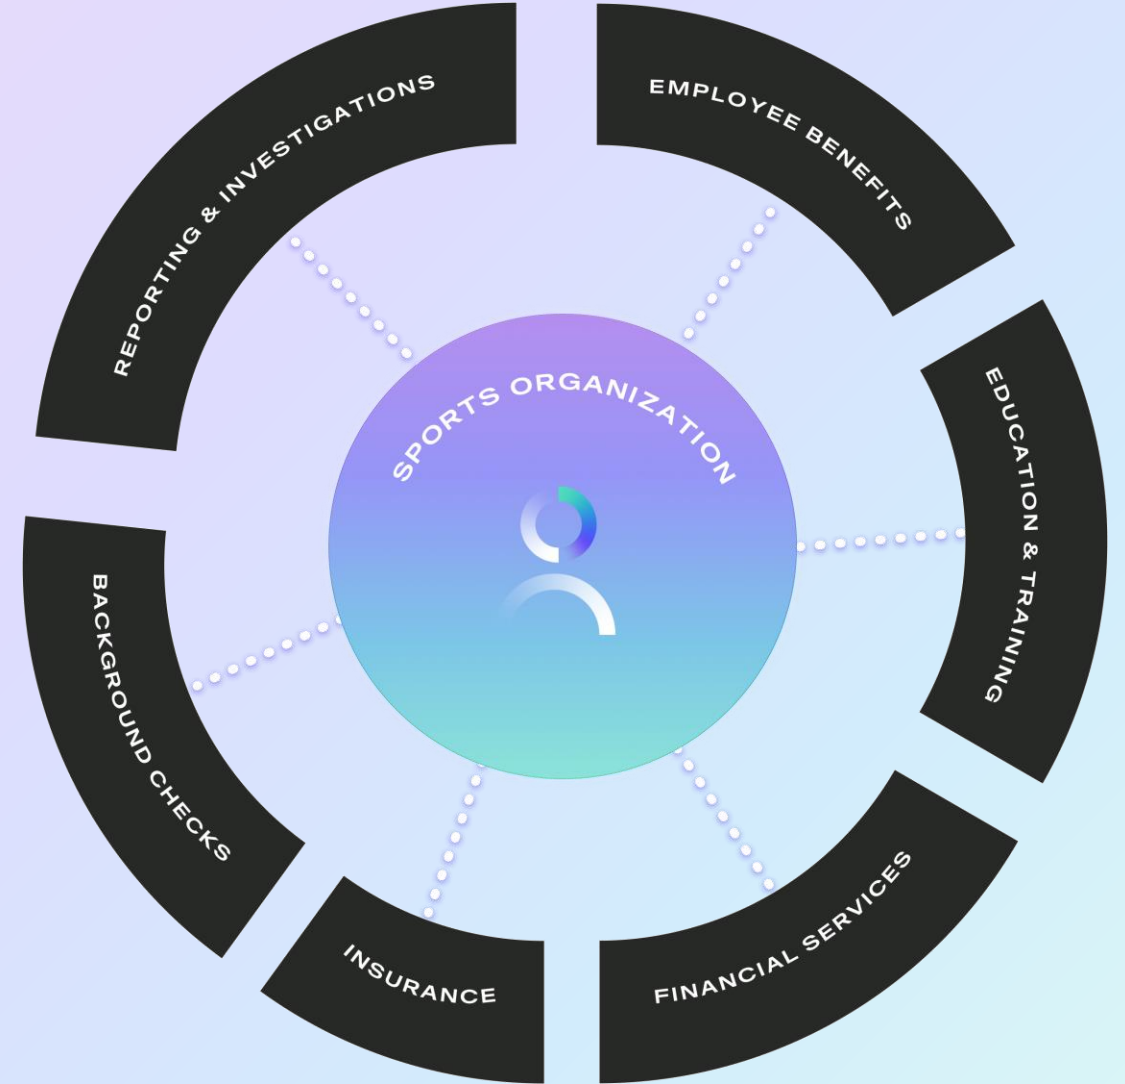

Administrators are used to having seven different providers for all their risk management and athlete safety needs.

HIGHER COSTS

Using disparate, unconnected providers leads to higher costs; both in time and in money.

CLEAR RISKS

When organizations do not have access to imperative risk management resources and safety support, risk increases, claims occur, which in turn drives up insurance rates.

INSURANCE FOR SPORTS ORGS. ASSURANCE FOR THE SAFETY OF ATHLETES.

Insurance

Sports have evolved. So has the way teams and leagues need to manage their risk.

Athlete Safety

Our Athlete Safety products and services ensure that you are creating the safest environment possible for kids to play the sports they love.
