WE ARE TRUE DEDICATED PARTNERS

At AssuredPartners, we're not just in the insurance business. We're in the business of developing strong, lasting relationships. Relationships built on trust that we earn day in and day out by collaborating with you as partners.

As true partners, our national team of dedicated, experienced insurance professionals always have your best interests in mind and are passionate about protecting your assets and helping you grow. Through listening, problem solving and collaboration, together we find the best new innovative solutions to fulfill your specific needs and promote your success – now and for the future. It's what we call power through partnership.

WHO WE ARE

The insurance industry is filled with multinational conglomerates focused solely on improving their balance sheets. AssuredPartners is not one of them. Our focus is on relationships. On forging rock solid partnerships with successful regional and local firms who are as fervent as we are about providing clients with best-in-class asset protection and unparalleled service.

That commitment has empowered us to be the fastest-growing independent insurance agency in the U.S. Founded in 2011 as a national partnership of leading independent property and casualty and employee brokerage firms, we're now one of the largest brokers in the nation with offices in 30 states and two countries.

Led by a team with in-depth insurance experience, we have the knowledge, strong carrier relationships and vast network of industry pros and resources to deliver innovative products and solutions that are customized to your precise needs.
